

REPREVE[®]
RESIN

PET RESIN

Made from recycled materials.
Transparent, Traceable and Certifiable.

REPREVE[®]

RECYCLED RESIN

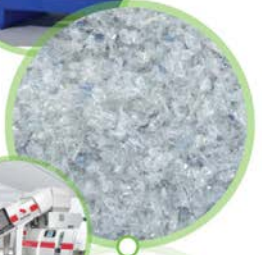

REPREVE® recycled PET Resin opens up a world of possibilities for companies wanting to use high-quality recycled materials. The **REPREVE®** Bottle Processing Center, uses state-of-the-art technology that produces best in class recycled PET Resin. First quality, FDA approved recycled PET Resin is made from a wide variety of recycled materials.

COMPETITIVE EDGE

RECYCLED	Posts-consumer bottles and Pre-consumer waste
TRACEABLE	FiberPrint™ Technology
CLEAN	State-of-the-Art Polymer Filter Technology
CERTIFIED	SCS Third Party Certified
CONSISTENT	State-of-the-Art Blending Silos
FDA	Letter of Non-Objection Available

Post-consumer plastics are collected.

Collected waste then enters a unique material conversion process where it is washed and chopped into flake.

REPREVE® RESIN

END USES:

- Filament
- Staple Fiber
- Sheeting
- Non-wovens
- Bottles
- Injection Molding
