

Vietnam is the Latest Global Expansion for Unifi's REPREVE®

Greensboro, N.C. –Jan. 9, 2017 – Unifi, Inc. (UFI: NYSE) continues to expand its global footprint of REPREVE® recycled fiber by entering into Vietnam with support from Century Synthetic Fiber Corporation, now a licensed manufacturer of REPREVE. Century Corporation will manufacture, sell and distribute REPREVE filament yarn within Vietnam, and Unifi Textiles (Suzhou) Co., Ltd. (UTSC) - Unifi's subsidiary in China - will manage sales and distribution of REPREVE filament yarn exported from Vietnam. This collaboration will open distribution channels for REPREVE in a key apparel-producing region, helping to fulfill increasing demand and shorten lead times to the Company's customer base.

Headquartered in Ho Chi Minh City, Vietnam, Century Synthetic Fiber Corporation is one of the largest polyester yarn manufacturers in Vietnam. Century Corporation was established more than 15 years ago and continues to invest in its operations and expand capacity today.

"Vietnam has been a region of focus for brands and retailers over the past few years," said Tom Caudle, president of Unifi, Inc. "The growth in the region cannot be ignored, with exports of approximately \$27 billion of apparel and textiles in 2015, and expectations to grow to \$30 billion in 2016. Within the past 18 months, we've grown distribution of REPREVE to include Turkey, Taiwan, Sri Lanka and now, Vietnam."

Jay Hertwig, vice president of global brand sales, marketing and product development for Unifi, added, "This is a strategic position in growing the global supply chain for REPREVE and will allow us to expand into other Premium Value Added (PVA) products in the near future. A presence in Vietnam will enable Unifi to meet sourcing requests and increasing demand from our customers wherever they choose to do business."

About Unifi:

Unifi, Inc. is a multi-national manufacturing company that produces and sells textured and other processed yarns designed to meet customer specifications, and premier value-added ("PVA") yarns with enhanced performance characteristics. Unifi maintains one of the textile industry's most comprehensive polyester and nylon product offerings. Unifi enhances demand for its products, and helps others in creating a more effective textile industry supply chain, through the development and introduction of branded yarns that provide unique performance, comfort and aesthetic advantages. In addition to its flagship REPREVE® products – a family of eco-friendly yarns made from recycled materials – key Unifi brands include: SORBTEK®, REFLEXX®, AIO® – all-in-one performance yarns, SATURA®, AUGUSTA®, A.M.Y.®, MYNX® UV and MICROVISTA®. Unifi's yarns are readily found in the products of major brands in the apparel, hosiery, automotive, home furnishings, industrial and other end-use markets. About REPREVE:

REPREVE® is Unifi, Inc.'s (NYSE: UFI) flagship brand of recycled fibers, made from recycled materials, including plastic bottles. REPPEVE can be found in products ranging from apparel and hosiery to automotive and industrial applications, and is used by some of the world's leading brands, including Patagonia, Haggar, Quiksilver and Ford. REPPEVE's #TurnItGreen initiative is designed to encourage recycling and raise awareness among consumers that recycled bottles can be turned into cool products they use every day.
